

JAPAN UPDATE

A Forecast for Japan, Indiana, and Asia in 2014

The **Japan Update Conference** brings together leading experts to take an in-depth look at the Japan-US relationship in the areas of economy, manufacturing, and trade, including key considerations in Asia. Representatives of Japanese industry with facilities in Indiana will speak to trends in the automotive supply chain and manufacturing with projections for growth and economic development. This year's conference will also include a focus on technology and trade with Japan.

We are pleased to welcome **Shigeru Hayakawa, Senior Managing Officer of Toyota Motor Corporation**, who will travel from Japan as the Keynote Speaker.

The **Japan-America Society of Indiana** presents the third annual Japan Update Conference with the support of the **Keizai Koho Center of KEIDANREN**, Japan's largest business association, and the **National Association of Japan-America Societies**.
